PROFILE

MCA student specializing in Java web development with hands-on experience in Servlet, JSP, JDBC, and MySQL. Built 3 full-stack applications featuring role-based authentication, CRUD operations, and responsive frontend design. Strong foundation in OOP, MVC architecture, and relational database design.

EDUCATION

Master in Computer Application

2025- present

P R Pote college of engineering and management, Amravati

Bachelor of Computer Applications

2022 – 2025

Smt. Kesharbai Lahoti college, Amravati

HSC (science)

2020 – 2022

Rajyashree Shahu Art and Science Junior college, Pandharkawda

SSC

2019 – 2020

Reddy's convent, patanbori

Technical Skills

-
- **Programming Languages :-** Java, Python, Cpp
 - **Frontend :-** HTML5, CSS3 , javascript, React.js
 - **Backend :-** JSP, Servlet, JDBC, Springboot ,Rest API
 - **Database :-** MySQL, Workbench
 - **Tools :-** Eclipse IDE ,VS Code , Apache Tomcat

PROJECTS

Student Admission Portal | Java, JSP, Servlet, JDBC, MySQL ,Rest API

Dec 2025 – Apr 2026

- *Designed and deployed a full-stack web-based admission management system handling student registration, application submission, and real-time status tracking using Java, JSP, and Servlets.*
- Built admin panel managing 200+ student applications with approval/rejection workflow and audit log.
- Integrated MySQL database using JDBC for secure data handling.
- Designed responsive UI using HTML, CSS, and JavaScript to enhance user experience.
- Implemented role-based authentication (admin/student), session management, CRUD operations, and client-side form validation.

College ERP System | Java , SpingBoot, JDBC, MySQL , Rest API,AWT

Sep 2024 – Nov 2024

- *Developed a desktop-based ERP system for managing students, faculty, courses, attendance, and academic records.*
- Built GUI using Java Swing components including JFrame, JTable, JButton, JTextField, JComboBox, and JMenuBar.

- Connected the application with MySQL database through JDBC for data management.
- Implemented CRUD operations and event-driven functionality for efficient college administration.

Book Stall Management System | Python, MySQL, FRONTEND

Jan 2024 – Apr 2024

Academic Project

- Developed inventory system tracking 500+ book records with automated billing and stock alerts
Implemented book search and stock management functionalities.
- Integrated MySQL database using JDBC for efficient data management.

ACHIEVEMENT

- NPTEL Certification – Fundamentals of Object Oriented Programming | 2026 |
- Developed 3 full-stack Java projects.
- Strong understanding of OOP and Database Management.

LANGUAGES

- Hindi (Native)
- Marathi (Native)
- English (Professional)
